Call for Late Breaking News Papers on Swarm Intelligence

The organizers of the IEEE Swarm Intelligence Symposium would like to invite you to submit your original work related to latest advances, improvements or breakthrough related to swarm intelligence.

Interested researchers must submit a 2-page extended abstract by August 15, 2008. The abstracts will be reviewed and the review results will be announced within a week. Upon accepted, the extended abstracts will not require any modifications and will be included in the program as is to be presented as a poster.

Scope:

Any late news, discovery, breakthrough or advances in the field of swarm intelligence, including but not limited to particle swarm optimization, genetic algorithm, ant colony and other meta-heuristic optimization techniques.

Manuscript Format:

The format of the paper should comply with the IEEE template provided in the conference website:
<http://www.computelligence.org/sis/2008/?q=node/9>

Important Note: The length of the manuscript should not be longer than 2 letter sized pages. Extended abstracts with more than 2 pages will not be reviewed and rejected.

Important Dates:

- Submission of extended abstracts: **August 15, 2008**
- Notification of Acceptance: **August 22, 2008**
- Author registration at the symposium rate and copyright form submission: **August 25, 2008**
- Student author registration at the symposium student rate and copyright form submission: **August 25, 2008**
